

Summer Activities

Golf

When the snow has melted and the skis have been put away, it's time to hit the links and there's no better place to tee it up than Stowe. Stowe Mountain Concierge can provide access to the **Stowe Mountain Club** and **Stowe Country Club**. Additionally, we offer a unique opportunity to play at the private **Country Club of Vermont** in Waterbury - a true gem and one of the most scenic and challenging layouts in Vermont. If you're looking for something a little more relaxed and family friendly, we can also arrange for you to play at **Ryder Brook Country Club**, located just north of Stowe on Route 100. Whatever you're golfing goals while you're in Stowe, one call to Stowe Mountain Concierge is all it takes and you'll be swinging in no time.

On The Water

Stowe offers some great water activities on the many rivers and lakes throughout the town. Kayaking tours are offered in the area as well as instruction. You can combine a river kayak tour and end at one of the local wineries in the area. The latest water sport to take off is Stand-Up Paddle Boarding; learn how to do this total body workout sport through instruction or by renting and learning yourself. Fly fishing is a great way to spend the day on one of our beautiful rivers; we can set you up with a tour guide and instruction.

Hiking

Enjoy spending the day hiking on one of the many trails that Stowe has to offer. Whether you are looking to hike for an hour or an entire day Stowe has trails for everyone. Enjoy the magnificent view from the top of Mount Mansfield or hike to Bingham Falls on a hot summer day for a uniquely refreshing swim that is quintessential Stowe.

Biking

Enjoy renting a bike and casually riding along the Stowe Recreation path, joining the visitors who walk and jog on this beautiful scenic trail that runs through the heart of Stowe. For the more avid cyclist, we have tour companies to connect you with to take you on daily tours of the surrounding area. If you prefer **mountain biking** we have a great inter connecting network of trails to enjoy.
